Holiday Savings Tips

By: Practical Money Skills

DEVELOP A BUDGET AND STICK TO IT. Do not spend more than 1.5 percent of your household annual income on holiday gifts and entertainment.

CREATE A "MICRO BUDGET". Write a list of everyone on your gift list and decide how much you would like to spend on each person.

SHOP EARLY. Do not wait until the very last minute to buy presents or you may end up overspending or buying items you did not plan to.

GET CREATIVE. Handmade gifts or even personalized coupons can be a special treat in this age of store-bought presents.

DRAW NAMES & CREATE A SPENDING CAP. These ideas work particularly well for large families and groups of friends. This way, everyone gets a gift, but each person only has to buy one gift.

SHOP ONLINE. It's fast, easy, and you can easily comparison shop. By ordering from the comforts of your own home, you also resist extra temptations like eating out or making impulse purchases.

PAY OFF YOUR CREDIT CARDS. If you plan to shop with credit, make sure you have enough money in your bank account to pay off the amount when the bill arrives. Also, consider using cards that offer extra incentives such as frequent flyer miles.

ENJOY FREE AND INEXPENSIVE HOLIDAY ACTIVITIES. There are ample ways to get into the holiday spirit without breaking your budget. Check out your local community calendar for free holiday activities and performances.
